

# Fishing Lines

Sreelines caters to various fishing grounds in the any sea/ocean.. A truly versatile product, it has appropriate combinations of strength, transparency, pliability and hardness attributes,characteristics, abrasion resistance and stretch.

Range : 0.12 mm. to 4 mm. / Resins : PA 6, PA 6/66 Co-polymer

## Standard Packages

Diameter	Put-up
0.45 - 0.65	600 grm
0.70 - 0.80	900 grm
0.90 - 1.60	1.350 grm
1.70 - 3.00	2 kg

### Attributes

Good tensile strength  
 Good knot strength  
 Good softness | Good transparency  
 Narrow gauge tolerance

## Standard Packages

Diameter	Put-up
0.12 to 0.18	DIN 70, DIN100, DIN 125, 100 meter spools, 100 meter coils
0.20 to 1.00	DIN 70, DIN 100, DIN 125, DIN 160, DIN 200 100 meter spools, 100 meter coils
1.00 to 2.00	DIN 200, 100 meter Coils
0.50 to 3.50	DIN 250 ,DIN 335
0.40 to 3.50	500m,1000m,2000m 1kg,2kg Hanks

### Attributes

Highly transparent | Highly soft  
 Narrow diameter tolerance | High Tensile strength  
 High knot strength | Controlled Elongation
